SOGIE Handbook of Language & Vocabulary

July 2020

General Guidelines

This handbook of terms for sexual orientation and gender identity and expression (SOGIE) is offered to help staff develop linguistic competencies to support Gender and Sexually Diverse (GSD) students, families, and staff.

Language has the power to build bridges or walls. Groups often develop their own vernacular that can be unfamiliar to others. Furthermore, language is fluid. Even within an identity, terms may have cultural, generational, and geographic specificities. A word that is affirming for one may feel distancing for another.

The safest strategy is to simply ask. "I want to use terminology that is polite and respectful. I appreciate your guidance."

When writing about [gender identity](#), descriptors with modifiers (e.g., cisgender women, transgender women) are more specific than descriptors without modifiers (e.g., women) or general nongendered terms (e.g., people, individuals).

When writing about [sexual orientation](#), the names of people's orientations (e.g., lesbians, gay men, bisexual people, straight people) are more specific than broad group labels (e.g., gay).

Common SOGIE Terms & Definitions

(Note: this is not an exclusive list)

they/them

pronoun : a gender-neutral pronoun that is grammatically correct in the singular and plural forms.

third gender

noun : for a person who does not identify with either man or woman, but identifies with another gender. This gender category is used by societies that recognize three or more genders, both contemporary and historic, and is also a conceptual term meaning different things to different people who use it, as a way to move beyond the gender binary.

top surgery

noun : surgery for the construction of a male-typical chest or breast augmentation for a female-typical chest.

trans*

adj. : an umbrella term covering a range of identities that transgress socially-defined gender norms. Trans with an asterisk is often used in written form to reference the larger group nature of the term, and specifically including non-binary identities, as well as transgender men (transmen) and transgender women (transwomen).

transfeminine
