

OPTION SCHOOLS STAFFING RATIOS FOR FY 2024-25

JANUARY 2024

MAJOR CHANGES

There are no changes in staffing ratios for Option Schools in FY 2024-25. For Virtual Academies, the teachers will be normed by grade group instead of total enrollment using the staffing ratio of 30 to 1.

GUIDELINES

TEACHERS

- The average student teacher ratio will be the same as those in place for the 2023-24 school year.
- Norm Enrollment Adjustments - the following adjustments will be applied to FY 2023-24 Month 6 enrollment:
 - Students with more than one enrollment record (duplicate students)
 - The classification report provides counts of students with scheduled class(es) in their school of enrollment. For norm purposes, the classification report counts will be reduced to count only those students who are scheduled in two or more credit-bearing courses at CDS and Opportunity schools. Therefore, school should ensure that each student's complete schedule is entered into MiSiS in time for the Norm capture. Refer to Attachment E for the list of non-credit bearing/zero credit courses.
 - No Show students (students who are scheduled into classes but have not attended school, i.e., marked absent each day) who were not flagged by the school in MiSiS as No Show by Norm Day data capture will be manually deducted from the school's enrollment count.
- Secondary SDP Student Count
 - Secondary students with an active Individualized Education Program (IEP) where the Percent Time in Special Ed is 50% or more are counted as SDP in the Classification Report.
 - The total SDP counts are excluded in the calculation of General education norm teachers. Special education teachers are assigned to Options Schools based on the number of students with special needs and their specific disabilities. Refer to Attachment D for the Special Education norm table guide.

Continuation Schools use Attachment B to determine the number of teachers. The enrollment used to determine the number of teachers excludes special education students.

Independent Study (City of Angels)

- The student teacher ratio at Independent Study (City of Angels) is based on average student teacher ratio of 30:1 with a minimum of two (2) teacher positions. Independent Study schools use Attachment C to determine the number of teachers.
- Maximum number of teachers at City of Angels is 78.

Independent Study (Virtual Academies)

- The student teacher ratio at Virtual Academies is based on average student teacher ratio of 30:1. Effective fiscal year 2023-24, the teacher norming for Virtual Academies will be based on grade group (K-5, 6-8, 9-12).
