

Playdough

Best Playdough

(I usually triple or quadruple this recipe and cook it in a large deep frying pan)

Directions:

Combine in saucepan:

- 1 cup flour
- 1 1/4 cup salt
- 1 tsp. cream of tartar

Add and whisk until smooth:

- 1 cup water
- 1 Tbsp. oil
- Food coloring (Cake decorators paste or liquid makes great colors)

Cook over medium heat until playdough is nearly set.

- Add:
1 1/2 Tbsp. imitation vanilla extract.

Stir until vanilla is blended, then remove and knead when cool. Store in Ziploc bag or airtight container.

Note: This is the best playdough recipe I have ever found. The vanilla extract seems to improve the texture and adds a nice scent as well.
