

Preparing For E-CAR 2025

E-CAR 2025 opens **Wednesday, September 3, 2025**
and runs through **Wednesday, September 24, 2025**.

E-CAR's purpose is to verify the number of classrooms at each school and how they are used, to calculate school operating capacities, and to identify available classrooms for future use. Information gathered during E-CAR is shared with Facilities Division staff for its use in identifying potential planning and development opportunities, options and solutions, and with the Proposition 39 Team for potential Proposition 39 options.

As your school's Principal, Assistant Principal, or authorized representative, you will review and update your school's classroom inventory and capacity assessment during the E-CAR process.
