

LOS ANGELES UNIFIED SCHOOL DISTRICT Board of Education Report

Report Number:	002-13/14
Date:	July 2, 2013
Subject:	Amendment to the Facilities Services Strategic Execution Plan to Add 330 Schools and Additional Funding to the Removal and Replacement of Fold-up Tables and Benches Program
Responsible Staff:	
Name	Mark Hovatter, Chief Facilities Executive
Office/Division	Facilities Services Division
Telephone No.	213-241-4811

BOARD REPORT

Action Proposed: Staff proposes that the Board of Education approve an amendment to the Facilities Services Division (FSD) Strategic Execution Plan (SEP) to add 330 schools (as listed in Attachment A) and allocate an additional \$30,500,000 in Bond Program funding to the Removal and Replacement of Fold-Up Tables/Benches Program. The overall program budget will be updated to \$35,555,684 and the number of schools to 445.

Background: Fold-up tables/benches are installed in many schools throughout the District. This type of furniture is typically located in a school's auditorium, cafeteria, and/or multi-purpose room and is designed to be stored in wall pockets to enable multiple uses and flexibility of the space.

On October 11, 2011, and August 21, 2012, the Board of Education approved amendments to the FSD-SEP to allocate a combined total of \$5,055,684 for the Removal and Replacement of Fold-Up Tables/Benches Program at 115 schools. These actions were necessary to address fold-up tables that were deteriorated, damaged, or posed a potential safety risk.

While the fold-up tables/benches identified as posing the highest potential safety hazard are being addressed, safety issues involving fold-up tables/benches that were designed approximately ten years ago are now surfacing. The design of fold-up tables/benches has evolved over the course of executing the removal and replacement effort. The newest models incorporate significantly improved safety features that greatly minimize risk of accidents and injury. With these improved features and continued safety concerns, it has become evident that all older models need to be removed and replaced.
