**LOS ANGELES UNIFIED SCHOOL DISTRICT
MEMORANDUM**

TITLE: School-Based Administrator Compensation Plan

NUMBER: MEM-6852.0

ISSUER: Marilyn S. Fuller, Manager
Personnel Research and Analysis

Marjorie Josaphat and Jose R. Cantu, Ed.D.
Co-Lead Chief Human Resources Officers
Human Resources Division

DATE: April 17, 2017

PURPOSE: The purpose of this memorandum is to provide information regarding the School-Based Administrator Compensation Plan (SBACP) that sets base salary schedule levels/pay scale groups for school-based administrators.

MAJOR CHANGES: None

INSTRUCTIONS: I. Introduction

Effective July 1, 2013, the District implemented the School-Based Administrator Compensation Plan to provide transparency and simplification of the salary setting process for school-based administrator positions.

II. The School-Based Administrator Compensation Plan

A. The School-Based Administrator Compensation Plan determines salary schedule levels based on the following factors:

1. School Type
(e.g., Elementary, Secondary, and SPAN)
2. Classification/Position alignment
(e.g., Principal and Assistant Principal)
3. Three-year average student norm day enrollment
(e.g., 2014-15, 2015-16, and 2016-17)

ROUTING

LD Superintendents
LD Administrators of
Instruction
LD Administrators of
Operations
LD Directors
School-Based
Administrators

LOS ANGELES UNIFIED SCHOOL DISTRICT MEMORANDUM

- B. The three-year average student norm day enrollment data (includes magnet, special education, and pre-K students) is utilized to determine salary schedule levels for the following school year. For example, to set salary schedule levels for the 2017-18 school year, SBACP calculates a three-year average based on student norm day enrollment data for the 2014-15, 2015-16, and 2016-17 school years.

School norm enrollment is measured each school year as designated in Reference Guide REF-1819.14 issued on August 29, 2016, titled "*Norm Day and Classification Reports – Instructions and Schedules of Electronic Capture*". Questions related to annual student norm day enrollment should have been addressed or reconciled as specified in the same reference guide (refer to Section VI. Correction to Norm Day Classification Report).

- C. Salaries for principals and assistant principals for the 2017-18 school year, by school site, are detailed in Attachment A. Salary schedule level/pay scale group alignments and changes were approved by the Superintendent.
- D. If the SBACP sets a lower salary schedule level for a school site, affected school-based administrators will maintain their current salary schedule level, as long as they remain at the same location in the same job classification.
1. As school-based administrator positions become vacant, they will be advertised and compensated at the appropriate salary schedule level as set by the SBACP.
 2. Employees who move to a new location/position (either through reassignment or a first-time assignment to the class) will be paid at the salary schedule level set by the SBACP for the school cost center.

RELATED RESOURCES: Office of the Chief Financial Officer Reference Guide REF-1819.14 issued on August 26, 2016 titled *Norm Day and Classification Reports – Instructions and Schedules of Electronic Capture*

ASSISTANCE: For assistance regarding payroll matters, employees should contact their time reporter or supervisor/administrator.

For assistance regarding certificated administrator assignments, contact the Administrative Assignments Unit at (213) 241-6365.

For assistance regarding all other matters pertaining to SBACP, contact the Personnel Research and Analysis Section at (213) 241-6356.

SCHOOL-BASED ADMINISTRATOR COMPENSATION PLAN (SBACP)

Frequently Asked Questions (FAQs)

School-Based Administrator Compensation Plan (SBACP)

1. When will the School-Based Administrator Compensation Plan (SBACP) be implemented?
 - The SBACP has been implemented for the 2013-14 school year. Salary schedule levels will be determined annually and effective the beginning of each new school year.
2. Why was the Ewing Compensation Plan suspended?
 - The Ewing Compensation Plan was suspended because of a continued downward trend in salaries affected by norm changes, new school configurations, and school calendar changes. As a result, the District is implementing an updated and streamlined School-Based Administrator Compensation Plan.
3. What factors will determine my base salary schedule level/pay scale group in the SBACP?
 - Salary schedule levels will be based on:
 - School type (e.g., Elementary, Secondary, and SPAN)
 - Classification/position (e.g., Principal and Assistant Principal)
 - 3-year average student norm day enrollment (e.g., 2010-11, 2011-12, and 2012-13)

Enrollment

4. How does the SBACP utilize enrollment in this process?
 - The SBACP utilizes a school's 3-year average student norm day enrollment data (including magnet, special education, and pre-K SRLDP students) based on the three preceding school years to determine salary schedule levels for the following school year. For example, to set salary schedule levels for the 2013-14 school year, SBACP calculates a 3-year average based on student norm day enrollment data for the 2010-11, 2011-12, and 2012-13 school years.
5. How is the student norm day enrollment data established?
 - The annual student norm day enrollment is established each year as verified by schools, principals, and the Attendance and Enrollment Section. The student norm day enrollment verification process is captured and set as detailed in reference guide REF-1819.10, "*Classification Reports – Instructions and Schedules of Electronic Capture*". Questions related to annual student norm day enrollment should have been addressed or reconciled with the Attendance and Enrollment Section each year.

Salary

6. If the SBACP establishes a lower salary schedule level for my school, will my salary schedule level be lowered?
 - Your salary schedule level will remain the same as long as you remain in the same classification and at the same school.
7. I would like to move to another school; would I keep my existing salary schedule level?
 - Your new salary schedule level will be determined by the new school's salary schedule level as set by the SBACP.
