we to:

Serve students and the community to the best of our ability;

Conduct ourselves in a professional manner, keeping in mind that our aim is to respond to the needs of students and parents first;

Represent our organization with integrity and dignity, and show respect for others within and outside our team at all times;

Collaborate with stakeholders and other agencies to develop a strong, well-rounded proposal;

Openly seek input from the community during the development of our application;

Participate in all PSC parent meetings hosted by the PSC Central Office Team that inform the community about the applications submitted for a particular PSC school;

Refrain from exhibiting behavior that will compromise the integrity of the PSC process;

Eschew use of propaganda or materials that misrepresent information and inspire negative campaigns against any group, organization, or applicant team;

Ensure that the development of a proposal and the work around the PSC process will not, in any way, interfere with classroom instruction;

Avoid use of overly aggressive voter outreach tactics that intimidate stakeholders, and to discourage our own applicant team and affiliated partners from electioneering, especially during the Advisory Vote period;

Ensure that no electioneering occurs on school campuses;

Abide by all guidelines set forth for the Advisory Vote process; and

Refrain from providing incentives to parents, students, and other community members in order to rally support for our team.

COMMUNITY-POWERED PUBLIC SCHOOLS

ALTERNATE APPLICANT HISTORY DATA SHEET – APPENDIX F

(Includes Section A question 2 on page 2)

When LAUSD created the Public School Choice (PSC) process, it was designed with three groups in mind to run the schools: LAUSD, PSC teams, and Corporate Teams (charters.) The idea of the *community* running a school with elected representatives was not considered – until now.

However, this school model poses a problem: how do you elect a board for a school that hasn't even been created yet?

CPP Schools believes it has a solution for this problem: create a true partnership between LAUSD and the community. **CPP Schools will submit the PSC Choice plan, and ask the district to help organize the school until elections can be held.** CPP Schools asks that the LAUSD personnel department staff the new school, and once the school opens, the CPP School plan requires elections to be scheduled in order to complete the Local Board of Directors for the School, as per Section B-6b of this RFP.

CPP Schools is an organization that believes LAUSD should shift from running schools to instead providing the resources, training, support, staff, and facilities needed for the *community* to run its own schools.

As such, CPP Schools will not run any schools, but facilitate the transition of schools from LAUSD-managed to community-managed through a school and community based "Local Board of Directors for the School" organizational structure using the ESBMM school model.

CPP Schools will have no managerial interest in the school beyond submitting the initial Request for Proposal (RFP). CPP Schools' current scope of activity is limited to writing school proposals for adoption by the LAUSD school board. CPP Schools currently has one person in the organization, Mr. David Sievers, an LAUSD teacher and the founder of CPP Schools.

LAUSD has the resources to staff a school that no team, including CPP Schools, can possibly match:

LAUSD SCHOOL DISTRICT EMPLOYEES: *

K-12 Teachers 29,221

Adult Teachers 1,798

Early Childhood Teachers 729

TOTAL EMPLOYEES: 68,902

*Source: http://www.teachinla.com/Research/faq_notebook/2010-2011/A-1.pdf

CPP Schools believes leveraging the strengths of LAUSD with the knowledge of the community will lead to great schools. The 2011 Request for Proposal (RFP) guide asked: **(1) What does it take to be successful in either a turnaround or a new school environment, and (2) why is your team well-positioned to do the work?**

- 1.) CCP Schools has a very detailed and specific strategy for success as outlined in **Section 1 – School Data Analysis**. The CPP Strategy differs from other data-driven school plans in this way: the CPP Schools Plan is *designed* to change as student data changes, unlike other plans that designed around a fixed set of data.
- 2.) The CPP Schools plan is driven by a single core strategy that is based upon community management of the school. It is LAUSD supporting the community managed school, especially in terms of the LAUSD personnel department staffing the new school as specified by the CPP Schools plan in the Staffing Section B-8, will lead to a successful launch of the new school.

The to-be elected local school community board of directors will be a significant, and positive, change for the school; no one knows the school better, and who should represent it, than the school community?

The community has the most to gain from a good school, and the community will always work the hardest to make the school a success. After all, the community is permanent; why shouldn't the community run the school?

Good schools are critical for communities hoping to attract families looking for good schools for their children and employers looking for skilled workers. A great school is an asset the community can be proud of.

Applicant teams, superintendents, favorite teachers, administrators and charter organizations will come and go and will never have as much at stake as the community.

PSC 3.0 INFORMATIONAL SCHOOL PLAN SUMMARY
FOR: COMMUNITY-POWERED PUBLIC SCHOOLS WWW.CPPSCHOOLS.ORG
PROPOSED BY: DAVE SIEVERS
FOR: SRES #10

Mission & Vision of the School
<p>Community-Powered Public Schools (CPP Schools) began with one question: why aren't all LAUSD students growing to their full potential upon graduation, if they graduate?</p> <p>LAUSD students are just as smart as other students, and a majority of teachers are very dedicated. So why are the schools still broken?</p> <p>CPP Schools believes wherever there are broken schools, it means the community and the schools are not working together.</p> <p>CPP School's mission is to get the school and community working together as one team.</p> <p>To accomplish this, CPP Schools proposes an <i>elected</i> local community school board structure to run the school:</p> <ul style="list-style-type: none"> • 2 community members and 2 alternates (elected by the community) • 2 parents and 2 alternates (elected by parents) • 2 teachers and 2 alternates (elected by teachers) • 2 administrators and 2 alternates (elected by administrators) • 2 staff members and 2 alternates (elected by staff members) • 2 students and 2 alternates* (elected by students) *high schools only. <p style="text-align: right;">(Please see Section B-6b for complete details about the board)</p> <p>The vision of CPP Schools is to have the entire community support the work teachers and students do together: Excellent Teaching + Students Ready to Learn = Students Growing to their Full Potential.</p> <p>A Local Community Board for the School will make a powerful team:</p> <ul style="list-style-type: none"> • The Board will write an annual plan for the school community. • When the Local Community Board for the School holds the plan, the school can maintain progress even when key teachers, administrators, or staff members leave. • The Board will focus on getting parents and the community involved with the school outside of the classroom, while the administration, faculty and staff will focus on the inside of the classroom. • Parents and Community Members that are elected to the Local Board of Directors for the School will be paid for their service.
Designing Data Driven & Student Centered Instructional Programs
<p>CPP Schools will use Mastery Learning, a method of teaching that has been proven to make a significant difference for student achievement in over 337 independent studies.</p> <p>Mastery Learning means the teacher does not begin the next lesson until all students understand the lesson being taught. In a traditional classroom, it is the <i>student</i> who is responsible for keeping up with the work. In a Mastery Learning classroom, the <i>teacher and student</i> work in partnership to master the lesson.</p> <p>The Local Board of Directors for the School structure means the school is organized so the entire school</p>

community helps students succeed in the classroom, not just the teacher.

Instructional Program

There is a difference between intelligence and skill. Our students have the intelligence to use cell phones, computers and play video games, what they need to do is to turn that intelligence into skills in science, math, reading and writing. The more skills you have, the more opportunities you have in life. CPP Schools will use Mastery Learning to make sure our students have the academic skills needed to succeed in college or a job training program.

Students with disabilities – School-wide supports for students with disabilities.

Socio-economically disadvantaged students – The school will provide supplies to students who need them.

Special needs students – CCP Schools will help train volunteers for respite services for Special Needs Parents.

Gifted students – Mastery Learning will provide enrichment activities.

English Language Learners – CPP Schools' curriculum will teach the language skills our students need.

Standard English Learners – Mastery Learning has been proven to make a significant difference in the classroom.

School Culture

School should be a time where students discover what they like to do and find a dream for their future. CPP Schools believes students should not only study, but they should take at least two field trips a year with their teachers to visit museums and other places of interest. Schools should be more than working in the classroom; it should be a time of growing into a mature young adult who is happy and optimistic about having a successful future.

Parent Engagement & Involvement

The parents and community members that serve on the Local Board of Directors are the most important part of the CPP Schools plan: without the community and school working as a team, the school will fail. CPP Schools also believes that the parents and community members elected to the board should be paid for the important work that they do.

Staffing

CPP Schools believes a majority of teachers are extremely dedicated; the school just needs better methods of teaching and working with the community. Once elected, it is the local community school board that will guide the hiring of teachers and the principal. In the meantime, the district has a very professional personnel department that can find great teachers to open the school.

CPP Schools needs you. If you like this proposal, please tell your friends about it and contact the LAUSD school board and ask for the CPP Schools plan. Thank you.

Please visit www.CPPSchools.org (Spanish and English) for complete details about the proposal.

RESUMEN DE PLAN DE ESCUELA INFORMATIVO PSC 3.0

PARA: WWW IMPULSADOS EN LA COMUNIDAD DE LAS ESCUELAS PÚBLICAS.CPPSCHOOLS.ORG

PROPUESTO POR: DAVE SIEVERS

PARA: SRES # 10

Misión y visión de la escuela
<p>Impulsado por la comunidad pública escuelas (CPP) comenzó con una pregunta: ¿por qué no todos los estudiantes LAUSD para su completo potenciales de crecimiento después de su graduación, si se gradúen? Estudiantes LAUSD son sólo tan inteligentes como otros estudiantes, y la mayoría de los profesores son muy dedicado. Así que ¿por qué son las escuelas aún roto?</p> <p>CPP escuelas cree siempre que allí se dividen las escuelas, significa que la comunidad y las escuelas no están trabajando juntos.</p> <p>CPPEscuelade la misión es llegar a la escuela y la comunidad trabajan juntos como un equipo.</p> <p>Para lograr esto, las escuelas CPP propone una estructura de Junta de escuela de comunidad local <i>elegido</i> para ejecutar la escuela:</p> <ul style="list-style-type: none"> • 2 miembros de la comunidad y 2 suplentes (elegidos por la comunidad) • 2 padres y 2 suplentes (elegidos por los padres) • 2 profesores y 2 suplentes (elegidos por los profesores) • 2 administradores y 2 suplentes (elegidos por los administradores) • 2 funcionarios y 2 suplentes (elegidos por los miembros del personal) • 2 alumnos y 2 suplentes * (elegido por los estudiantes) * escuelas secundarias sólo. <p>(Véase la sección B-6b para obtener información detallada acerca de la Junta)</p> <p>La visión de las escuelas de CPP es que toda la comunidad apoyar los profesores de trabajo y estudiantes hacen juntos: excelente enseñanza + listo de los estudiantes a aprender = estudiantes alcanzan su pleno potencial.</p> <p>Una Junta de Comunidad Local para la escuela hará un poderoso equipo:</p> <ul style="list-style-type: none"> • La Junta escribirá un plan anual para la comunidad escolar. • Cuando la Junta de Comunidad Local para la escuela mantiene el plan, la escuela puede mantener progreso aun cuando dejan claves profesores, administradores o funcionarios. • La Junta se centrará en conseguir los padres y la comunidad involucrada con la escuela fuera de las aulas, mientras que la administración, Facultad y personal se centrará en el interior de las aulas. • Padres y miembros de la comunidad que son elegidos para el Consejo Local de administración de la escuela se pagará por sus servicios.
Diseñar controladas por datos & alumno centrado en programas educativos
<p>CPP escuelas utilizarán maestría aprendizaje, un método de enseñanza que se ha demostrado que para hacer una gran diferencia para el logro de los estudiantes en 337 más estudios independientes.</p> <p>Aprendizaje de dominio significa que el profesor no comenzar la siguiente lección hasta que todos los estudiantes comprenden la lección que se enseña. En un aula tradicional, es el <i>estudiante</i> quien es responsable de mantenerse al día con el trabajo. En un aula de aprendizaje de dominio, el <i>profesor y el alumno</i> trabajan en asociación para dominar la lección.</p> <p>El Consejo de Administración Local para la estructura de la escuela significa que la escuela se organiza para la comunidad escolar toda ayuda a los estudiantes a tener éxito en el aula, no sólo el maestro.</p>
Programa de instrucción
<p>Hay una diferencia entre la inteligencia y habilidad. Nuestros estudiantes tienen la inteligencia para usar teléfonos celulares, computadoras y video juegos, lo deben hacer es convertir esa inteligencia en habilidades en Ciencias, matemáticas, lectura y escritura. Las habilidades más tienes, las oportunidades más que tienes en la vida. CPP escuelas utilizarán maestría aprendizaje para asegurarse de nuestros estudiantes cuenten con las habilidades académicas necesarias para tener éxito en la escuela o un programa de capacitación de empleo.</p> <p>Estudiantes con discapacidad: toda la escuela apoya para estudiantes con discapacidad.</p> <p>Desventaja socioeconómica de los estudiantes: la escuela proporcionará suministros un los alumnos las necesiten.</p> <p>Estudiantes con necesidades especiales – ayudará un tren PCC de las escuelas de voluntarios para servicios de respiro para padres de necesidades especiales .</p> <p>Estudiantes superdotados – maestría aprendizaje ofrecerá actividades de enriquecimiento.</p> <p>Estudiantes del idioma inglés: plan de estudios de las escuelas CPP enseñará las habilidades lingüísticas nuestros estudiantes necesitan.</p> <p>Estudiantes de inglés estándar: aprendizaje de dominio ha sido probado para hacer una diferencia significativa en el aula.</p>
<p align="center">Cultura escolar</p>
<p>Escuela debe ser un tiempo donde los estudiantes despiden lo les gusta hacer y encontrar un sueño para su futuro. CPP escuelas cree estudiantes no deben sólo estudio, sino debe tomar al menos dos viajes al año con sus profesores para visitar museos y otros lugares de interés. Las escuelas deben ser más trabajar en el aula; debe ser un momento de crecimiento en un adulto joven maduro es feliz y optimista acerca de tener un futuro exitoso.</p>
<p align="center">Participación y compromiso de padre</p>
<p>Los padres y miembros de la comunidad que sirven en el Local de la Junta de directores son la parte más importante del plan de escuelas de CPP. Sin la comunidad y el trabajo de la escuela como un equipo, se producirá un error en la escuela. CPP escuelas también cree que los padres y miembros de la comunidad elegido miembro del Consejo se preste para el importante trabajo que hacen.</p>
<p align="center">Dotación de personal</p>
<p>CPP escuelas cree que una mayoría de profesores son extremadamente dedicada; la escuela sólo necesita mejores métodos de enseñanza y trabajar con la comunidad. Una vez elegido, es la Junta de escuela de comunidad local que guiarán la contratación de profesores y el director. Entretanto, el distrito tiene un departamento de personal muy profesional que puede encontrar grandes maestros para abrir la escuela. Las escuelas de CPP te necesita. Si te gusta esta propuesta, dile a tus amigos y póngase en contacto con el Consejo escolar LAUSD y pedir el plan de escuelas de CPP. Gracias.</p> <p>Por favor visite www.CPPSchools.org (español e inglés) para obtener información detallada acerca de la propuesta.</p>

Outcome 2	Special Education Program Description	<p><i>General Education with direct special education support in the general education classroom</i></p> <p>Students in the resource specialist program (RSP) shall receive special education support for the general education curriculum in the general education setting. The special education teacher shall be in the general education classroom to provide direct instruction, instructional support or assistance to the student or a group of students, through models such as collaborative or co-teaching. The special education teacher shall be responsible for monitoring the student progress on IEP goals.</p> <p><i>General Education with direct special education support outside the general education classroom</i></p> <p>When special education support cannot be appropriately provided in the general education setting, the student shall receive selected services or all services he/she needs in a Resource Specialist Program (RSP), Special Learning Disability Special Day Class (SLD/SDC), multiple disability orthopedic (MDO), Community Based Instruction (CBI), Mental Retardation (MR) or Other Intervention (OI) programs. The special education teacher shall be responsible for monitoring the student's progress on IEP goals, and providing accommodations and modifications to the general education curriculum to make it more accessible to students.</p>
Outcomes 8, 10, 13, 14, 15	IEP Process: Implementation and Monitoring	<p>The IEP is the foundation of quality education for every student with a disability, and all students who receive special education and related services are required by law to have an IEP. The IEP process guarantees effective teaching, learning, and better results for students with disabilities. Parental involvement is a key component of the IEP process. Parents shall be actively engaged in all aspects of the IEP process. If a parent has a limited proficiency in English, the school shall make reasonable efforts to arrange for an interpreter during meetings pertaining to the student's educational placement. For meetings regarding the development or review of the IEP, the school shall take necessary steps to ensure that parents understand the meetings—including arranging for an interpreter.</p> <p>The school shall conduct meetings to write, review/revise every student's IEP in a timely manner, in accordance with state and federal law. A minimum of 98% of IEP translations shall be completed within 60 days of the IEP meeting date.</p> <p>Once an IEP meeting is scheduled, the school shall promptly notify all participants. Parents shall be notified in a timely fashion to make sure they have an opportunity to attend. IEP meetings shall</p>

Support services shall include technical assistance to students and parents in the areas of behavior intervention, instruction, and support for inclusive environments. The school shall monitor the delivery of supports and services through the Welligent Services Tracking System user data. Resource specialists, special day program teachers, and related service providers shall be required to complete service tracking system logs, and also be held accountable for providing services specified in student IEPs.</p>
<p>Outcome 9 (for programs with students 14 and older)</p>	<p>Transition Planning Strategies</p>	<p>Transition services shall be provided to students with special needs age 14 (and sometimes younger) in accordance with IDEA 2004. Transition planning for a student beginning at age 14 or younger shall involve helping the student plan his or her courses of study so that the classes the student takes will lead to his or her post school goals. Transition services for a student beginning at age 16 or older shall involve providing the student with a coordinated set of services to help the student transition from high school to post high school activities. These activities include, but are not limited to post secondary education, vocational education, integrated employment (including supported employment), continuing or adult education, adult services, independent living, and/or community participation.</p> <p>Transition services shall be based on the individual student's needs, taking into consideration the student's strengths, preferences, and interests. These services shall be delivered through direct and/or indirect support coordinated by a transition support teacher.</p>
<p>Federal requirement</p>	<p>Access to Extra-Curricular/Non academic activities:</p>	<p>CPP SCHOOLS will provide full social supports for all students through the student supports peer support program at CPP SCHOOLS, as well as full inclusion and recruitment in all student activities. School districts have an obligation, under the federal Individuals with Disabilities Education Improvement Act (IDEIA) to provide students with disabilities an equal opportunity to participate in extracurricular and non-academic activities. These activities may include athletics, counseling services, health services, transportation, recreational activities, clubs and special interest groups sponsored by the public agency, referrals to agencies that provide assistance to students with disabilities, and employment services to students, including both public agency employment and assistance with outside employment. All students shall be encouraged to actively participate in these activities. SPED students have a lot to contribute!</p>

MCD OUTCOME		COMPONENT	SCHOOL PLAN
			The school shall take necessary measures, including the provision of supplementary aids and services determined as appropriate and necessary by a student's IEP committee, to provide nonacademic and extracurricular services and activities in the manner necessary to afford every student an equal opportunity for participation in these services and activities.
Federal requirement	Providing Extended School Year		Extended School Year (ESY) services shall be provided if a student's IEP team determines, as mandated by California school law and the 2004 IDEIA statute and regulations, that the services are necessary for the Free and Appropriate Public Education (FAPE) to the student. If the IEP team determines that a student is ineligible for ESY, the student may be referred to the general education inter-session program.
			All students who are eligible to participate in ESY shall receive 20 days of instructional services per academic year (a 4-week program), including holidays, unless otherwise specified in their IEP. The ESY program shall run for 4 hours a day and students may take a maximum of two classes (2 hours per session). The program shall provide 2.5 credits per course, and designed to limit regression of learned skills and not for the purpose of earning credits.
Federal Court requirement	MCD Outcomes (to be woven among others)		CPP SCHOOLS will comply with all federal consent decrees as mandated by law, and also do more than that: comply, to the best of our ability, with the spirit of the law to correct the injustices the law was designed to remedy.
All	Professional Development		Professional development that leads to effective implementation of RtI requires that administrators, teachers, support personnel, and instructional aides/paraprofessionals possess the requisite skills to conduct RtI. School-site professional development shall occur both within and across administrative structures. Professional development shall be linked to ongoing assessment and student need, and follow-up professional development shall be focused on meeting these identified needs. Teachers shall be trained to examine current instructional practices, improve existing skills, and to gain new knowledge and skills to ensure better-quality targeted instruction. All school personnel assigned to provide instruction to students shall participate in ongoing, job-embedded professional development that will lead to effective research-based instruction with

MCD OUTCOME		COMPONENT	SCHOOL PLAN
Outcomes 6, 8, 16			the Rt ³ approach. Special education teachers and instructional aides/paraprofessionals who provide instructional support to students in the core curriculum shall be included in training along with their general education colleagues. All school-site educators shall receive training on the district-adopted intervention program so as to effectively serve students in the tiered intervention model.
	Staffing/Operations		CPP SCHOOLS will provide certified teachers to staff the following classroom settings: Resource Specialist Program (RSP) , Special Learning Disability Special Day Class (SLD/SDC) , multiple disability orthopedic (MDO), Community Based Instruction (CBI) , Mental Retardation (MR) and Other Intervention (OI) programs. Additional supports include instructional aides, MCD clerk, file clerks, translators and a Bridge Coordinator.
	Fiscal		Budgeting will align with LAUSD's transparent budgeting process. Additional funds will come from grants and endowments that the CPP Schools Board of Directors will seek as part of the CPP SCHOOLS Local School Board Plan. Seeking supplemental outside funding for SPED is vital, as SPED teachers and staff need to attend conferences and workshops in the latest instructional and support methodologies for SPED students, as well as attend mobility fairs and conferences, and bring the latest technological and mechanical aides and supports to parents. Additionally, training students and parents to provide respite services will aid our parents of disabled students at CPP SCHOOLS greatly.
Outcome 14	Parent Participation		Parental involvement is a key component of the IEP and education process. Parents shall be actively engaged in all aspects of the education process. If a parent has a limited proficiency in English, the school shall make reasonable efforts to arrange for an interpreter during meetings pertaining to his/her child's educational placement. For meetings regarding the development or review of the IEP, the school shall take necessary steps to ensure that parents understand the meetings—including arranging for an interpreter. This provision will help to ensure that parents are not limited in their ability to participate in their child's education because of language or communication barriers. A minimum of 90% of parent's complaints shall be responded to within 30 days. Parents shall be encouraged to actively participate in the IEP process, and have regular knowledge of how their child is responding to interventions. Evidence shall be provided of recorded attempts

			to convince parents to attend IEP meetings in accordance with Section 300.345(d) of the 2004 IDEA regulations. Parents shall be given an opportunity to make suggestions and gain access to written intervention plans with details about how the school is helping their child. Parents shall also be encouraged to attend PTA meetings and engage in volunteer activities on school campus or parent center.

By signing this Assurance Form, you agree that you will comply with and/or provide supporting information for the following assurances:

1. Assurance that an Applicant Organization/Applicant Team is NOT a For-Profit Entity

Please check one of the following statements:

- ☐ The Applicant Organization/Applicant Team listed above is comprised of a *FOR-PROFIT ENTITY*.
- ☐ The Applicant Organization/Applicant Team listed above is a *NOT-FOR-PROFIT* entity. *Documentation and certification of not-for-profit status (e.g. 501c3 form) must accompany this proposal.*
- ☒ The Applicant Organization/Applicant Team listed above is *ONLY* comprised of LAUSD internal employees, departments, etc. (e.g. teacher teams, local districts).
- ☐ The Applicant Organization/Applicant Team listed above is comprised of LAUSD internal employees, departments, etc (e.g. teacher teams, local districts) *IN PARTNERSHIP WITH ONE OR MORE NOT-FOR-PROFIT ENTITIES. Documentation and certification of not-for-profit status (e.g. 501c3 form) must accompany this proposal.*

2. Assurance that an Applicant Organization is Solvent (For External Organizations Only)

Assurance that a Not-For-Profit Applicant will provide documentation that demonstrates its solvency.

3. Assurance of Enrollment Composition Compliance

The Applicant Group/Applicant Team agrees that the student composition at a new or underperforming school will be reflective of the student composition at the schools it is intended to relieve (in terms of demographics, including but not limited to race/ethnicity, gender, socio-economic status, English Learners, Standard English Learners, students with disabilities, foster care placement), with ongoing review mechanisms in place to ensure retention and student composition at each school continues to reflect that of the overall school community.

4. Assurance to Sign Separate "Service Plan for Students with Disabilities Assurances".

In accordance with the Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973, the Applicant Group/Applicant Team listed above agrees to sign the Assurance Form entitled "Public School Choice Service Plan for Students with Disabilities" included with this RFP. Signing the Service Plan for Students with Disabilities Assurance Form assures that the awarded PSC school will abide by the conditions and requirements of the Chanda Smith Modified Consent Decree that includes: using the Welligent IEP Management System, using the LAUSD Elementary or Secondary Student Information System (either ESIS, SSIS or ISIS upon implementation), operating a compliant Special Education Program using the *LAUSD Special Education Policies and Procedures Manual*, and the annual completion and submission of the "School Self Review Checklist" for programs serving students with disabilities. Signing the Service Plan for Students with Disabilities Assurance Form also assures that operators of the awarded PSC school agrees to review Title 5, California Code of Regulations Section 3052, relative to the provision of behavior intervention plans and agrees to comply with all discipline practices, procedures for behavioral emergency intervention and prohibitions consistent with the requirements. The PSC school operators further agree to protect the rights of children with disabilities and their parents or guardians relative to 1) prior notice and consent, 2) access to records 3) confidentiality, and 4 due process procedures. The school will maintain a written description of the annual notification process used to inform

parents/guardians of the policies regarding Nondiscrimination (Title 5 CCR 4960 (a)), Sexual Harassment (EC 231.5 (a) (b) (c), Title IX Student Grievance Procedure (Title IX 106.8 (a) (d) and 106.9 (a)) and Uniform Complaint Procedures (Title 5, CCR 4600-4671. Procedures must include a description of how the school will respond to complaints and how the District will be notified of complaints and subsequent investigations.

5. Assurance that Independent Charter School Operators will sign and execute the Facilities Use Agreement

(For Independent Charter School Operators Only) If selected to operate an independent charter school on a PSC campus, independent charter school operators agree to sign and execute the Facilities Use Agreement as provided by the District.

6. Resident Enrollment and Attendance Boundary Compliance

(For Independent Charter School Operators Only) In accordance with the Attendance Boundary Waiver for Public School Choice Charter School Operators, operators of independent charters schools agree to provide first choice attendance to resident students from the corresponding attendance boundary established by the District if selected to operate a Public School Choice campus. Thereafter, any remaining available seats will be filled with any student who wishes to attend the PSC campus pursuant to the requirements of Sections 47605(d)(1) and 47605(d)(2)(B) of the California Charter Schools Act. The District's waiver from the State Board of Education codifies these requirements.

While PSC independent charter schools can initiate a lottery and/or enroll students outside the school's attendance boundary at any time, operators of independent PSC charter schools may not refuse any resident students unless the resident enrollment exceeds the District's established maximum enrollment for the school in question. Independent charter school operators understand and accept that the attendance boundary configuration is subject to change at the discretion of Los Angeles Unified School District and that the maximum number of resident student enrollment will be defined for a period of five years and that the requisite number will equal the planning capacity for the Public School Choice campus based on 2008-09 District norms.

If a parent or guardian no longer wants their child to attend an independent PSC charter school, the charter school operator must also agree to adhere to the District's "Enrollment Process for Charter Schools Selected to Operate a Public School Choice School." The "opt-out" decision is only valid for one academic school year. Once a parent has exercised his/her right to opt-out, he/she is unable to re-enroll the child in the charter school for the remainder of the school year, unless there is capacity at the school as designated by LAUSD and term of the charter. At the completion of each academic school year, parents have the opportunity to enroll their student at their neighborhood school again.

7. Assurance that Independent Charter School Operators Will Cooperate with LAUSD in Attaining Applicable Waivers from the State Board of Education

(For Independent Charter School Operators Only) In accordance with the Charter Schools Act of 1992 and its implementing regulations, independent charter school operators approved to operate a Public School Choice campus will be required to cooperate with the District in attaining any and all applicable waivers from the State Board of Education. Additionally, independent charter school operators must agree to waive their rights under Education Code 47614 ("Proposition 39") for a period coterminous with their Board-approval to operate a Public School Choice campus.

By signing this Assurance Form, you agree that you will comply with and/or provide supporting information for the above assurances:
