WATCH SCHOOL: Maclay MS	Reviewer A	Exemplary	YES	Maclay Academy of Social Justice proposal deserves serious consideration because the staff has come together knowing that improved student achievement is the goal of a school in public school choice.
	Reviewer B	Well-Developed	YES	The plan is clear and all components are well developed with specific programs and strategies to address students' instructional needs. Maclay's PD is a professional growth model for teachers. Maclay made a concerted effort to include parents and community in developing parts of the plan.
