Note: Teachers will identify additional vocabulary words/phrases from the lesson students might have challenges with and add them to this list.

- **Say:** *As we go through the lesson, I will review each of the vocabulary words. We will encounter them specifically in the Constructive Conversation Norms section. I will stop and give you time to capture these in your Thinking Journal. I will also stop and review the words during the lesson. I will give you time at the end of the lesson to review the words and clarify as needed.*

Teacher addresses the vocabulary list as many times as necessary and teaches the words in context. Provide time to revisit the Thinking Journal as necessary.

Lesson Structure

(1a2) Knowledge of Content Related Pedagogy / 1d1 Standards-Based Learning Activities

This lesson is intended to teach the constructive conversation skill

NEGOTIATE. There are 5 parts to this lesson: 1) conversation norms, 2) hand gesture, 3) model and non-model, 4) student independent practice, and 5) language sample.

LESSON INTRODUCTION:

- Post and read ELD Objective(s)
- Post and review Constructive Conversation Skills Poster
- Post and review Conversation Norms Poster
- Post and review Conversation Norms visual text

*Today we are going to begin by practicing the Conversation Norms (see Appendix A) and the **NEGOTIATE** skill.*

1. Review Conversation Norms Poster

Let's chorally read the Conversation Norms Poster:

1. *Use your Think Time*
2. *Use the Language of the Skill*
3. *Use your Conversation Voice*
4. *Listen respectfully*
5. *Take Turns and Build on each other's ideas*

Note: If a review of the Conversation Norms is necessary, review day 1. (See

**Conversation Norms Poster

2. Hand gesture - NEGOTIATE

Introduce hand gesture for **NEGOTIATE** (Put your hands out by your shoulders, palms up. Move them up and down like a scale). We use this gesture to show when we negotiate an idea.

- **Say:** *When we **NEGOTIATE** ideas, “we come to consensus”.*

3. Model and Non-Model for the skill NEGOTIATE

A. Introduce the Listening Task Poster

Teacher refers to Listening Task Poster - NEGOTIATE (**Appendices D1, D2**) and reads each step aloud. Note that there are two versions of the poster (Teacher and Student versions). **TIP:** Use Student Version during Independent Practice to reinforce gradual release of responsibility.

- **Say:** *While you are listening to my partner and me, listen for the following:*

Listening Task for NEGOTIATE

1. *Did each partner state his/her ideas?*
2. *Did they take turns sharing their ideas?*
3. *Did they consider all the ideas?*
4. *Did they stay on topic?*
5. *Did they build on each other's ideas?*
6. *Did they come to consensus?*

B-1. Model

Teacher posts Model and Non-Model Visual Text (see **Appendix G**). Teacher introduces Model and asks for a student volunteer to be his/her partner. A copy of the Model (see **Appendix F**) is given to the student. Allow volunteer student time to read and review the script. Teacher then proceeds to model.

- **Say:** *To model what a conversation sounds like, we are going to use a visual text and address the prompts: “What do you notice in the visual text?” and “How do you know?”, along with the **NEGOTIATE** prompt: “Is butchering animals for nourishment right or wrong? Which has the strongest evidence?” Remember to use the Listening Task Poster.*
- **Demonstration:** The teacher and student read the provided script.

PROMPT: Is butchering animals for nourishment right or wrong? Which has the strongest evidence?

Teacher: *There is strong evidence that butchering animals is wrong because the people hiding in the doorway look frightened.*

Student: *That is a valid point, but the people might be anxious to buy meat.*

Listening Task for NEGOTIATE

1. *Did each partner state his/her ideas?*
2. *Did they take turns sharing their ideas?*
3. *Did they consider all the ideas?*
4. *Did they stay on topic?*
5. *Did they build on each other's ideas?*
6. *Did they come to consensus?*

Teacher: *I think the negatives of butchering animals outweigh the positives because the little child in the left corner appears to be frightened and traumatized.*

Student: *I think the positives outweigh the negatives because to me the child you mentioned looks excited and the lady in the doorway looks happy because the man is giving her a cut of meat.*

Teacher: *The pig does not look excited. How is the evidence you provided stronger than mine?*

Student: *I agree the pig is not excited because it's dead, but the people who will benefit from it's nourishment will be forever grateful.*

Teacher: *How can we decide if meat should be sold in this town?*

Student: *I think we can use the criteria of choice because the citizens of the town should be allowed to select what they eat. We should survey the town to find out how they feel about consuming different foods such as meat, vegetables, grains, etc. and how they feel after eating these items.*

- **Debrief:**

- **Teacher:** Use the questions on the Listening Task Poster – NEGOTIATE to guide students through an analysis of what makes this a model Constructive Conversation. After each question, ask students: “How do you know?” and “What is your evidence?” **TIP:** Use Student Version to reinforce gradual release of responsibility. After a few minutes, bring students back to share-out.
- **Targeted Response:** Students should be able to identify where ideas were stated and built upon, turns taken, topic was on point, textual evidence cited and considered, and consensus reached.

B-2. Non-Model

Teacher introduces Non-Model and asks for a student volunteer to be his/her partner. A copy of the Non-Model (see **Appendix G**) is given to the student. Allow volunteer student time to read and review the script. Teacher then proceeds to model.

- **Say:** *To model what a Non-Model conversation sounds like, we are going to use the same visual text and prompt: “What do you notice in the visual text?” and “How do you know?” along with a **NEGOTIATE** prompt. While you are listening to my partner and me, listen for the following points. Refer to the Listening Task Poster - NEGOTIATE.*
- **Demonstration:** The teacher and student read the provided script.

PROMPT: Is butchering animals for nourishment right or wrong? Which has the strongest evidence?

Teacher: *The people in the doorway are frightened.*

Student: *No they're not! They're just in a hurry.*

Teacher: *How do you know they're in a hurry?*

Student: *My evidence is that they are in a hurry. They know more people from town are coming up the road to get in line. They don't want the meat to run out. There might not be enough for everyone! They are in a hurry to make their purchase quickly. What's your evidence?*

Teacher: *In the text, I notice the looks on their faces. I can tell they are frightened because they are hiding. Everyone knows that we shouldn't eat animals for food. There are lots of other things we can eat like fruits and vegetables.*

Student: *I disagree that people look scared. Besides, they don't look like vegetarians to me.*

Teacher: *The town should have a farmer's market where people can choose from many different food options.*

Student: *The meat lines will be the longest.*

- **Debrief:**

- **Teacher:** Use the questions on the Listening Task Poster – NEGOTIATE to guide students through an analysis of what makes this a Non-Model Constructive Conversation. After each question, ask students: “How do you know?” and “What is your evidence?”

TIP: Use Student Version to reinforce gradual release of responsibility.

After a few minutes, bring students back to share-out.

- **Targeted Response:** Students should be able to identify where ideas were or were not stated and built upon, whether or not turns were taken, topic was on point, text was cited, and consensus was reached.

4. Constructive Conversation Student Independent Practice

- **Say:** *Now you will have an opportunity to practice the Constructive Conversation skill NEGOTIATE in pairs while following a protocol.*
 - Use a manipulative (i.e. talking chips, paper clips, Post-It notes, or some other item) to ensure turn taking.
 - Display the Student Independent Practice Visual Text (see **Appendix H**).
 - Hand out one Designated ELD Placemat (see **Appendix I**) to each pair of students.
 - Students will only use the **NEGOTIATE** skill on the Constructive

Conversation Placemat.

- Students will follow the protocol to participate in the Independent Practice.

TIP: Print placemat on card stock and insert into a sheet protector so it is reusable.

The protocol:

- Each student will have four **NEGOTIATE** turns.
- In pairs, students will use a manipulative to share their **NEGOTIATE** ideas. They will continue taking turns until all manipulatives are used.
- If the students are done early, they repeat the process for an additional round.

5. Language Sample (read Formative Assessment/Language Analysis Tools before starting)

After the students have completed the protocol, the teacher will select two students to model in front of the class. The teacher will collect a language sample from the two students on the **Student Progress Form - Conversation Analysis Tool (SPF-CAT) (see Appendix J)**. The language sample must be at least four turns in frequency. Once the sample has been collected, the teacher transcribes it so it's available to use on Day 13. **TIP:** Use your phone to record the Language Sample. See Release Forms from Day 1.

Using Talking Chips

- Each student will have 4 talking chips to ensure 4 turns are taken.
- To start a conversation, a student places the talking chip in the middle of the desk to indicate a turn taken.
- Students use the language of the skill to open and close their turn. (See Language of the Skill under Conversation Norms)
- The goal is to have all students take 4 turns and be left with no talking chips.

Assessment 1e2 Planning Assessment Criteria

Use formative assessments to determine the following:

To what extent are students ...? (e.g.: To what extent are students... using think time, taking turns, and using their

How might your students improve their ...? (e.g.: How might your students improve their... respectful listening skills, collaborative discussions?)

How effectively do students ...? (e.g.: How effectively do students... evaluate the Model and Non-Model, use the language of the skill?)

What additional scaffolds and/or modifications might students need when I reteach these skills?

Note: The above are sample question stems to help teachers in planning their formative assessments.

Formative Assessments/Language Analysis Tools:

FORMATIVE ASSESSMENT	Student Progress Form - Conversation Analysis Tool (SPF-CAT) (see Appendix J) Purpose of assessment: The Student Progress Form Conversation Analysis Tool (SPF-CAT) is a language analysis tool that measures oral language output and interaction in two dimensions. Teachers get an opportunity to capture authentic student language and evaluate it. Student will analyze their own language output and have an opportunity to: 1) see their own language production, 2) revise it, and 3) have more opportunities to meet the target language. Teacher and students evaluate the academic language development growth across the California ELD Standards proficiency levels. SPF Administration: After independent practice, select a pair of students who are the most proficient from your class. Ask these students to repeat the process for the whole class. As they demonstrate their interaction to the class, the teacher uses this time to capture a language sample. Note: In the SPF-CAT form, a language sample is a record of at least four turns in frequency. This sample will be used to analyze the use of targeted language produced by the students. Students will have an opportunity to revise their sample to attempt to meet the target language objectives. This metalinguistic approach and opportunity to understand how English works gives students an awareness of their language development growth across the proficiency levels of the California ELD Standards. Note: For Day 13's lesson, students will analyze and revise the Non-Model and the language sample mentioned above.

WRAP-UP

Review Objectives and Self-Evaluate

Teacher will review objective.

*Today we engaged in a Constructive Conversation using the conversation skill **NEGOTIATE**. We took turns and shared ideas based on a visual text.*

Teacher will ask students the following:

- *How did we meet today's objective of using the conversation skill **NEGOTIATE**?*
- *How did we use the Conversation Norms?*

Work with your conversation partner to do the following:

- ✓ *Identify three things you did to meet today's objectives in your Thinking Journal.*
- ✓ *Share and explain the three things to your partner.*

Teacher calls on three students to share their learnings with the class.
