The LEA must offer to provide equitable services that address the needs of eligible students attending nonprofit private school and staff under the programs listed below. The enrollment numbers are reported under penalty of perjury by each private school on its annual Private School Affidavit. The information filed in the Private School Affidavit is not verified, and the California Department of Education takes no position as to its accuracy. It is expected that districts engaged in private school consultation verify the accuracy of student enrollment data if it is being used for the purpose of providing equitable services.

2023–24 Title II, Part A / Title III Nonprofit Private School Participation

The local educational agency (LEA) must offer to provide equitable services that address the needs of nonprofit private school students, teachers and other educational personnel under the programs listed below.

**Note:** Participation is based on the number of eligible students enrolled in the grade levels in a nonprofit private school located in areas served by the LEA.

Geoffrey Ndirangu, Language Policy and Leadership Office, [GNdirang@cde.ca.gov](mailto:GNdirang@cde.ca.gov), 916-323-5831

Title II, Part A Supporting Effective Instruction

The LEA must offer to provide Title II, Part A equitable services that address the needs of nonprofit private school students, teachers and other educational personnel. The enrollment numbers are reported under penalty of perjury by each private school on its annual Private School Affidavit. The information filed in the Private School Affidavit is not verified and the California Department of Education takes no position as to its accuracy. It is expected that districts engaged in private school consultation verify nonprofit status and the accuracy of student enrollment data if it is being used for the purpose of providing equitable services.

Title III Immigrant and English Learner Student Subgrant Program

On an annual basis, the LEA must consult with all nonprofit private schools within its boundaries, as to whether the private school students and teachers will participate in the Title III English Language Acquisition, Language Enhancement, and Academic Achievement Program. Consultation with appropriate nonprofit private school officials must be done during the design and development of programs and before decisions are made that affect the opportunities of students and teachers to participate. LEAs may not require documentation that poses an administrative barrier that is inconsistent to their responsibility to ensure equitable participation of private school students and teachers.

On an annual basis, the LEA must consult with all nonprofit private schools within its boundaries, as to whether the private school students and teachers will participate in the Title IV, Part A Student Support Program. Consultation with appropriate nonprofit private school officials must be done during the design and development of programs and before decisions are made that affect the opportunities of students and teachers to participate. LEAs may not require documentation that poses an administrative barrier that is inconsistent to their responsibility to ensure equitable participation of private school students and teachers.

**Note:** Participation is based on the number of eligible students enrolled in the grade levels in a nonprofit private school located in areas served by the LEA.
