

# Welcome to LOCAL DISTRICT C

From the Office of  
Local District Central  
Superintendent  
Frances Baez

Greetings Leaders of Learning and Achievement,

Today is *Dodger's* Opening Day! This is a perfect metaphor for our upcoming experience as we reopen schools in Local District Central, *Home of the Champions*! I thank the principals who are reopening their doors this upcoming week: Principals Baird, Aguilera, Pilkinton, Kupalian, Sulahian, Phelps, Gadea, Romero, Ortega, Simpson, Guzman-Murdock and Guzman! We are sending you positive energy and we are cheering you on!

This week I visited MacArthur Park ES at the MacArthur Park Community of Schools with Dr. Smith, CoS Administrator, where a grand event took place to prepare for the reopening. I thank Principal Ortega for opening her doors to families to host a school supply drive from a local partner. Alexandria ES also showed champion mentality through a recent interview with Univision. Principal Gadea represented LDC Principals in explaining the school reopening preparations. Thank you Susana Ansley-Gutierrez CoS Administrator for the Downtown (CoS) for supporting with school reopening preparations. Champion LA Unified Superintendent Austin Beutner visited both schools this week and they received an A+ rating!

As you reopen schools or experience a great success towards improving student outcomes, don't forget to tweet and tag our new handle #LDCChampionMentality :)

In Community,  
Frances Baez

Your school inventory will be assessed and depending upon whether your school has a deficit or surplus, the LD will determine best use of the limited resources and will allot as needed. Please ensure your inventory is completely updated and accurate in Remedy.</p> <p>If students or staff are experiencing technical difficulties with their devices they may contact the ITD Helpdesk at 213-241-5200 for assistance.</p> <p><b>Important Hotspot Update: Zero-Use Hotspots</b></p> <p>Students need hotspots. We are aware of hundreds of hotspots that have not been used in the last 3 months. Please ask your IDM to reach out to the students who are not using their hotspot and request that they be returned to the school site. If you don't need recovered hotspots, please contact your operations coordinator and we will coordinate pick up from your school and redeploy to other sites as needed.</p> <p><b>Computing Device Refresh Program:</b></p> <p>Each year, the IT Asset Management Team evaluates the need to refresh each school's inventory of viable computing devices (i.e., Chromebooks, iPads, laptops) to ensure every student is ready to participate successfully in online/hybrid instruction. Please see the attached IT Asset Management March Newsletter with all the information you need to be ready for the Refresh Program.</p> | <p><a href="#">Google Form</a></p> |

Probably each of us is looking with anticipation to a change in the seasons; a change in the weather; a change in the trees, grass and flowers; and, YES, even a change in the attitudes of students, colleagues, families and friends. Spring makes one feel like a weight has been lifted.

These circumstances are more observable as we anticipate reopening of schools. We are waiting and wishing for a noticeable change as welcome smiling students and families to campus with their Daily Pass.

So, I challenge everyone to remain calm, cautious, and patient. Be vigilant, if possible get the vaccine, continue to adhere to all procedures to curtail the new viruses.

Take the opportunity to build community through circles, daily check-in/check-outs and activities posted in Schoology PBIS.

## Updates/Events/News:

The Covid 19 pandemic has led to an increase in anxiety rates in adolescents and children. **This anxiety might be heightened as students prepare to return physically to school campuses and have to re-adjust to new routines, worry about getting sick, and separation from their parents/caregivers for the first time in over a year.** With that in mind, we want to share simple strategies that educators and other school staff can use to help alleviate students' anxiety about returning to school.

**Validate, support, and listen to students-** Listen to students' concerns and even if the emotions are extreme, express understanding and empathy. Letting families know you understand and appreciate their perspective will help open up a dialogue for problem-solving.

**Be honest and encouraging, rather than reassuring:** Anxious students will likely need some initial assurance from trusted adults and teachers that returning to campus is okay. Acknowledge risks while emphasizing how precautions reduce those risks and how students can feel good about coming back to school given all of the thought and planning that has gone into protecting students.

# Welcome to LOCAL DISTRICT C

Administrators of Instruction  
Julie Gonzalez &  
Andre Spicer

Greetings Esteemed Leaders of Local District Central,

We hope that each of you were able to enjoy a restful and rejuvenating Spring Break. Next week we will embark on a significant milestone in our journey, the return to in-person instruction. The LDC support team is here to support all of your instructional needs as you reopen your school doors to our precious students.

Our support staff will be at your schools over the next three weeks to support you both instructionally and with operational duties. Please do not hesitate to fully utilize their skills and expertise to strengthen the instructional program and to ease the strain of the transition.

Finally, please continue to document supports and interventions provided to our students in MiSiS. We want to ensure that there is record of tiered supports provided to students while monitoring their progress.

In service,

Julie and Andre

## From the Division of Instruction:

The California Student Aid Commission (CSAC) announced that districts can apply for a postponement of the deadline to submit applications to be considered eligible for a Cal Grant to April 2.

As of March 23, 2021, L.A. Unified has sent this request to CSAC. Though CSAC will require a week to review and process our request, they recommend that we proceed as if the request has been granted. As of March 28, 2021, 19,274 FAFSA and CADAA applications have been submitted and 17,576 applications were completed. This represents an increase of 24 submissions and 138 completions compared to March 21, 2021.

Please stay tuned.
