

Welcome to LOCAL DISTRICT C

From the Office of
Local District Central
Superintendent
Frances Baez

Greetings Leaders of Learning and Achievement,

It was great to see you at the Principals' meeting yesterday and collaborate in level alike sessions. I thank **Principal Moore from Burbank MS** and **Community of Schools Administrator, Titus Campos** for modeling the use of the Standards-Task calibration rubric to launch our small group discussion. During the break out sessions, I heard focused conversations about Math assignments, Standards and identifying strengths and stretches. Your leadership is key in sustaining a focus on teaching and learning.

Yesterday I shared data on online connection and elementary literacy progress. Please continue to monitor student attendance, connection and engagement (teaching/learning). Leverage the Whole Child Data Dashboard to support your teams in establishing SMART goals to guide your cycles of continuous improvement.

I look forward to highlighting your leadership in supporting the most disengaged students in returning to class-zooms. Thank you for all you do for your school community!

In Community,
Frances Baez

Welcome to LOCAL DISTRICT C

Administrator of Operations
Miguel Saenz

Greetings Local District Central Champions,

Hope is in the air, with vaccinations becoming available to certain populations within our communities. Our priority is the safety of our students and staff at large. Let's do our part by reminding our families and school communities to continue to be safe, by staying at home as much as possible, wearing our masks, maintaining 6 feet of social distance, and washing our hands frequently. This is not the time to let our guard down as we are all in this together!

Let us not succumb to COVID fatigue.

Miguel Saenz

Updates/Events/News:

Spring 2021 Emergency Drills Update:

Emergency drill requirements apply once students return to campus for in-person instruction, including hybrid learning models. The January radio test is delayed pending the return of staff to campus.

However, during the week of January 25, Emergency Services will utilize Blackboard Connect to conduct the Districtwide Emergency Communications Test (“all-call”) to send messages by telephone, email and text to ensure all employees and parents are reminded to update their emergency contact information. Please be prepared for some parent requests to update their contact information.

Please check achieve.lausd.net/drills periodically for additional updates that may apply to emergency drills for the 2020-2021 school year.

Emergency Services personnel are here to assist our schools. Please reach out to us at emergencyservices@lausd.net.

| <p style="text-align: center;">3 Ways for Educators to Build Resilience (Inspired by KQED's MindShift Article)</p> <p>Educators are typically tasked with encouraging students to build resilience. Because of this ongoing commitment, educators often find themselves emotionally and physically depleted. During these uncertain times, it is important for educators to manage their self-care and to commit to building their own resilience. Building educator resilience is necessary in order to sustain the critical and impactful work in our school communities. The following are 3 ways educators can build resilience:</p> <ul style="list-style-type: none"> ● Know yourself. Don't be afraid to engage in the foundational work of self-discovery. Self-knowledge helps educators become more empathetic toward others and confident about their actions. ● Build emotional intelligence. There has been an increase in social-emotional learning for students in school communities. However, busy educators tend to ignore their own emotions. At the foundational level, educators should be encouraged to recognize and name their emotions. Building emotional intelligence helps educators make sound decisions in challenging times. | <p>January 22, 2021</p> | <p>For more information, please access the link below:</p> <p>https://www.kqed.org/mindshift/53640/12-ways-teacher-can-build-resilience-so-the-y-can-make-systemic-change</p> |

| <p style="text-align: center;">3 Ways for Educators to Build Resilience (Inspired by KQED's MindShift Article)</p> <ul style="list-style-type: none"> ● Be here now. Our school communities have many brilliant, visionary educators and strategic planners. Educators tend to look ahead and plan for the future. However, it's important for educators to “embrace the now,” especially in challenging times. Being present in the moment helps educators to manage and process the “ups and downs” of current circumstances. This is important in order to avoid emotional and physical burnout. <p>The LDC Systems of Support Advisers are available to provide support and information related to building educator resilience. Everyone is invited to attend their upcoming Educator Resilience Professional Development Session on Wednesday, January 27, 2021 at 3:00 p.m. Please contact your Systems of Support Adviser for more details.</p> | <p>January 22, 2021</p> | <p>For more information, please access the link below:</p> <p>https://www.kqed.org/mindshift/53640/12-ways-teacher-s-can-build-resilience-so-the-y-can-make-systemic-change</p> |

| <p>The DSE is currently working on developing guidance on how to respond to initial assessments. Given the current school closures, initial special education assess are on hold. More details to come soon.</p> <p>We are however completing Assessments During Distance Learning that do not require in-person interaction (aka Remote Assessments) Our LD is currently lagging in completing remote assessments. I encourage school administrators to connect with your school psychologist to identify 3 years and re-evaluations that can be completed with Remote Assessments. There is currently 23 schools in LDC that have moved forward with Remote Assessments. If you have any questions about Remote Assessments please reach out.</p> <p>At the next LDC AP meeting we will have SPED Operations team share the latest information about ESY. | <p>E-CAST and SPED Projections</p> <p>We have already begun to work on E-CAST for Special Education Programs for the 2021-2022 School year. In order to be able to make an informed and fiscally responsible recommendation on special education programs, the DSE has reviewed historical enrollment, current number of students, and projected number of students. We realize that the COVID closures have had a dire impact on our ability to assess students with disabilities, however the DSE will move forward with applying the program norms. If your school has a program projected to close, you will receive notification from SPED Fiscal on or about January 25th. If you disagree with the decision and would like to appeal it, the deadline to appeal is February 5th, 2021. It's a short window of time. Decisions of appeals will be provided by February 25th, 2021 by SPED Fiscal.</p> <p>Finally, remember to update Classroom management and assign all staff accordingly. Shortly after E-CAST, the DSE will look at paraprofessional reconciliation. Any unassigned, over norm paraprofessional positions will be closed for next school year.</p> | <p>1/25/21</p> <p>2/5/21</p> <p>2/25/21</p> | |

Welcome to LOCAL DISTRICT C

Administrators of Instruction
Julie Gonzalez &
Andre Spicer

Greetings Esteemed Leaders of Local District Central,

Thank you to all of our *Champions* for an awesome opening of the second semester. We as a Local District are poised to accelerate outcomes for our students by providing excellent first instruction, focused social-emotional supports and meaningful professional development aligned to our instructional foci.

We would like to commend you for your efforts to decrease the number of students failing courses by having differentiated supports at the school site, as well as taking advantage of our LDC “Pathway to C or Better” professional development series. We experienced a 12% decrease in grades of “F” since the 15-week reporting period.

Finally, please be mindful to take time for self-care during these challenging times. Our communities count on us to provide leadership and support, we must be physically and emotionally healthy ourselves in order to be of service to others.

In service,

Julie and Andre
