6.	The roster will display the names and student ID's, together with columns for current demographics for the student, Periodic Assessment results for Math and Reading (OCR) and CELDT.		For secondary schools, the class roster displays student demographics, attendance and course marks.
7.	To sort the data for a particular column, click the column name. For example, clicking on the Attendance column will sort the values in ascending (lowest to highest) order, as denoted by an "up" arrow. Clicking on the column heading a second time will sort the values in descending (highest to lowest) order, as denoted by a "down" arrow.		
8.	Sorting can be done on several columns at once. To add a second sort, right click another column, choose: **Sort Column** > **Add Ascending Sort** or **Sort Column** > **Add Ascending Sort**		To clear all sorting choose: **Sort Column > Clear All Sorts in View**
