

E-CAST 2025 FORECAST VS NORM DAY 2025-26

This report provides a comparison between the E-CAST 2025 forecast and the SY 2025-26 Norm Day graded enrollments for schools with a neighborhood attendance area. Comparisons are shown for total graded enrollment at each host school, including dual language program(s). No magnet center(s) or SDC enrollment is included in the comparison.

As seen at the end of this report, the total difference between the forecast for graded enrollment and the actual Norm Day graded enrollment was 5,622 which is about 2.0% of Norm Day enrollment. Totals by school level are also provided at the end of the report.
