

LOS ANGELES UNIFIED SCHOOL DISTRICT 2025-2026 ANNUAL PESTICIDE USE NOTIFICATION

The District has adopted an Integrated Pest Management (IPM) policy. This policy includes notifying parents/legal guardians and staff of pesticide use. During the school year, it may be necessary to apply pesticides at your child's school to avoid serious health problems posed by pests and/or maintain the integrity of a structure. However, should you feel that your child's or your (for school staff) health and/or behavior could be influenced by exposure to pesticide products, you are notified as follows:

- An application of products on the Approved List may be applied during the school year. (See list of pesticide products that have been approved for use at District sites included in the Parent Student Handbook) or visit the Facilities Services Division IPM website at: <https://www.lausd.org/Page/18939>.
- In the event the use of a product is required that is not on the Approved List, you will be notified 72 hours in advance. (Exception: Emergency circumstances that warrant an immediate response).
- Additional information regarding pesticide products, including those on the District's Approved List, is available online at: <https://www.cdpr.ca.gov/>.

Please complete, detach, and return the form below to the school's main office, indicating whether you wish to be pre-notified each time a pesticide is scheduled to be used at the school.

IF APPLICABLE, COMPLETE, SIGN, AND RETURN THIS PORTION TO YOUR CHILD'S SCHOOL
