## DUAL LANGUAGE EDUCATION (DLE) PROGRAMS

### SECTION ATTRIBUTES GUIDANCE AT-A-GLANCE

### SECONDARY SCHOOLS

The following is a quick guide for inputting the appropriate information in MiSiS for fields applicable to target language teacher sections at DLE program secondary schools.

DLE target language teachers at secondary schools are usually assigned to teach one or more of the following in the target language:

- I. **I. Language Other than English (LOTE) Electives**
  - Examples: Spanish Lang and Cult Int , Spanish for Spanish Speakers 1 or 2, Mandarin for Mandarin Speakers 1 or 2, Korean 3, etc.
- II. **II. Content Area Courses**
  - Examples: Math, Science, Social Studies/History (P.E. is not an approved DLE target language course)
- III. **III. Other Electives**
  - Examples: Art, Music, Journalism

**NOTE:** Inputting of appropriate MISIS attributes should be done carefully and thoughtfully as some fields are mandatory and cannot be edited once saved. If an error is made on a mandatory field and saved, the entire section must be deleted and a new one created. This may affect the teachers' work in Schoology for the class in that section.
