

College & Career Readiness Survey 2023-24

[NOTE: Students do not see every question. Some depend on student responses to previous questions.]

INSTRUCTIONS

Welcome to the College & Career Readiness Survey! The purpose of this survey is to gather information about the support you have received at school to prepare you for your career and to help you plan for, apply to, and enroll in college.

This survey is NOT a test. There are no right or wrong answers. Your opinion matters so please answer each survey question to the best of your ability.

Your answers are confidential. Your individual, personal responses to survey questions are kept confidential and are not shared with your school. All student survey responses at each school are combined before reporting any results to ensure confidentiality.

This survey is voluntary. You do not have to answer any question that you do not want to answer, but we hope you will answer as many questions as you can. This survey simply provides an opportunity for you to give us your valuable feedback so that schools can continue to improve supports provided to students.

Thank you in advance for your help!
